Latam Airlines 3-1-1 Rule Explained: What You Can Bring in Hand Luggage on Latam Airlines Flights

Understanding the Latam Airlines 3-1-1 Rule for Carry-On Liquids

If you are flying with Latam Airlines, 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA) one of the most important airport security rules you need to understand is the **3-1-1 rule for liquids in hand luggage** 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada). This rule is part of international aviation security standards and applies to most airports in Europe, including those where Latam Airlines operates 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

The 3-1-1 rule controls how passengers carry liquids, gels, aerosols, and similar items in cabin baggage 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada). It is designed to improve airport security while still allowing travellers to carry essential personal items during the flight 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

Although the rule is often called the “3-1-1 rule,” in Europe and on Latam Airlines flights 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA) it is usually applied under the **100ml liquids rule**, which follows the same principle 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

Understanding this rule properly can help you avoid delays at security checks, confiscated items, or last-minute repacking at the airport 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

What Does the 3-1-1 Rule Mean on Latam Airlines Flights?

The term “3-1-1 rule” breaks down into three simple conditions 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

The first part means that each liquid container must be **3.4 ounces or 100 millilitres or less** 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

The second part means that all containers must fit into **one clear, resealable plastic bag** 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

The third part means each passenger is allowed **one such bag only** in their hand luggage 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

On Latam Airlines flights departing from or arriving in the UK 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA) , Germany, or most European airports, these rules are strictly enforced during security screening 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

Even if your final destination is outside Europe, the rule still applies at the departure airport 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

What Counts as a Liquid on Latam Airlines Flights?

Many passengers are surprised to learn that the 3-1-1 rule does not only apply to water or drinks 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada). It covers a wide range of everyday items that may not seem like liquids at first 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

Anything that is gel-like, creamy, pasty, or spray-based is usually treated as a liquid under aviation security rules 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

This includes toiletries such as shampoo, conditioner, shower gel, toothpaste, face cream, sunscreen, and deodorant sprays 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada). It also includes beverages, soups, syrups, and even some food items like yoghurt or sauces 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

Perfumes, lotions, shaving foam, and liquid makeup products are also included 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

If an item can be spread, squeezed, poured, or sprayed, it is likely to fall under the 3-1-1 rule 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

How the 100ml Rule Works at Latam Airlines Security

At Latam Airlines security checkpoints, 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA) all liquids must be placed in a transparent plastic bag before screening 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada). Each container must not exceed 100ml, even if it is only partially filled 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

For example, a 200ml bottle that contains only 50ml of liquid is still not allowed 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada). The container size is what matters, not the amount inside 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

All containers must fit comfortably inside a single one-litre clear plastic bag 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada). The bag must be resealable, meaning it can be opened and closed easily 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

During security screening, passengers are required to remove this bag from their hand luggage and place it separately for inspection 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

If you do not comply with these rules, security staff may confiscate the items 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

Are There Exceptions to the Latam Airlines 3-1-1 Rule?

There are a few important exceptions to the liquids rule on Latam Airlines flights 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

Medications and essential medical liquids are generally allowed in quantities greater than 100ml, 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA) but passengers may need to provide supporting documentation or explain their necessity at security 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

Baby food, baby milk, and sterilised water for infants are also permitted in reasonable quantities for the duration of the journey 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

However, security staff may ask for testing or verification to ensure safety standards are met 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

Duty-free liquids purchased after security screening are also allowed, even if they exceed 100ml, as long as they are sealed in a tamper-evident bag with proof of purchase 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

Why the 3-1-1 Rule Is Important for Latam Airlines Passengers

The 3-1-1 rule is not specific to Latam Airlines alone 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada). It is part of global aviation security standards designed to

prevent potential threats and ensure safe air travel 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

For passengers, it also helps streamline the security process and reduce delays at airport checkpoints 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

By limiting the amount of liquid carried on board, security staff can screen passengers more efficiently, making boarding smoother and faster 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

For Latam Airlines travellers, 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA) following this rule correctly ensures a stress-free experience at major airports such as Frankfurt, Munich, and London Heathrow 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

Packing correctly can save time and prevent issues at security checks 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

Passengers should prepare their liquids before arriving at the airport 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada). All containers should be checked to ensure they do not exceed 100ml 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada). Items should then be placed into a single transparent, resealable bag 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

It is helpful to keep this bag easily accessible in your cabin luggage, 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA) as you will need to present it separately during security screening 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

Many travellers choose to use travel-sized toiletries or refillable containers to comply with the rule 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

What Happens If You Break the 3-1-1 Rule on Latam Airlines Flights?

If you carry liquids that do not meet the 3-1-1 requirements, airport security will likely remove and dispose of the items 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

In some cases, passengers may be given the option to return items to checked luggage if time allows 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada). However, this is not guaranteed, especially during busy travel periods 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

Failing to comply with the rule can also cause delays and additional stress at security checkpoints 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).

To avoid problems, it is always best to prepare in advance and double-check your hand luggage before arriving at the airport 📞+44-808-196-2756 (UK) Or +1-(866)*[690]*{1240} (USA/Canada).
